Hi Donn, Lauren,

I discussed with Jean and she indicated that they usually have a Corporate Affairs point of contact listed for such items, however that person recently retired. Thus, Jean indicated that we can just list her information in the CIP for now. The most recent contact information identified below is correct.

Thanks,

Stephen L. Tzhone

Subject: Arkwood Community Involvement Plan McKesson contact

Donn:

I am addressing and incorporating the recent comments to the draft Arkwood Community Involvement Plan (CIP).

Currently, under Appendix G, Responsible Parties/Respondents, one party is listed, McKesson Corporation, and the company name is all that is listed, without any specific contact information.

A comment made by Ashley Whitlow, Arkansas Department of Health, is that we include a specific person's name and contact information at McKesson Corporation, to me made available to the public.

I want to check with you and Stephen Tzhone to see if you would like to include contact information for McKesson in the CIP. Looking at recent EPA CIPs for other sites, it appears that specific RP contact information is not included (just the RP company name, and sometimes the mailing address).

Let me know whether to include specific McKesson Corporation contact information in the revised draft Arkwood CIP, or just list the name of the company. If you would like to add contact

9645814

information, please let me know how much of the contact information to include (mailing address, contact name, phone, email). The most recent contact information I have (as of September 2013), is:

Jean Mescher, Director of Environmental Services
McKesson Corporation
One Post Street, 34th Floor
San Francisco, CA 94104
(608) 848-4134 phone
Jean.mescher@mckesson.com email

Please let me know if this contact information has been updated or is no longer correct.

Thank you.
